

THE BROWNING SCHOOL
1 8 8 8

[COMPLETE YOUR 2022 - 2023 CONTRACT NOW.](#)

Dear Browning Families:

As we continue to wrestle with the ongoing challenges of the pandemic, our awareness that schools are called upon to do more than ever before, whether in student support, health and safety measures or education in a variety of formats, is at the forefront of our planning for the 2022-2023 school year.

The Board of Trustees has set school-wide tuition at \$58,280 for the 2022-2023 academic year. This reflects our continued commitment to the prudent use of tuition dollars, while at the same time recognizing the financial challenges that the global health crisis has created and may continue to create for our school. Setting tuition at this level enables us to acknowledge our accomplished and committed faculty and staff for going above and beyond the call of duty in uncertain times, to extend the quality of our curricular and co-curricular programming, and to provide your sons with an education that celebrates all that boys can be.

The faith that our families display when they entrust their boys to our care is not something that we take lightly. We are poised at a significant and hopeful moment in education; the trials of the last few years may soon be behind us, and we will see the renewed emergence of creative and better ways of teaching, engaging students and building communities that will impact our boys' Browning experience for years to come.

We all have much to be proud of in the ways in which Browning has lived its values and mission throughout uncertain times. The ability to remain responsive to what these times have demanded, and will continue to demand, of all of us is no small matter. We are gratified to have partnered with your family on this journey and delighted to have your boys join us again next year.

Sincerely yours,

Valda Witt
President, Board of Trustees

John M. Botti
Head of School
